2016 BOMBARDIER LEARJET 75 S/N 45-533

2016 BOMBARDIER LEARJET 75 S/N 45-533

N173DS

Duncan Aviation is proud to bring Bombardier Learjet Serial Number 45-533 to the market. This Lear 75 represents the perfect aircraft for value driven purchasers: a program-free, no damage history, US based, single-owner aircraft that has always been hangered. For additional assurance, serial number 533 has one (1) year remaining on its factory warranty and can be enrolled on MSP, JSSI, or purchased without an engine or APU program, giving potential buyers the freedom to choose.

Serial number 533 is as well-equipped as any Lear 75 available today, and with less than 790 Hours Total Time since new, it is one of the lowest time aircraft as well.

There are few, if any, options that the initial owner did not select. Key features of its Garmin G5000 Flight Deck include:

- Garmin Synthetic Vision Technology
- Dual Garmin FMS with WAAS/LPV Approach Capability
- Garmin ADS-B Out and In
- Dual Garmin Diversity Transponders and Enhanced Surveillance
- Digital Cockpit Voice Recorder (120 minutes) and Mini QAR
- TOLD Performance Database
- Garmin Digital Charts, XM Satellite Weather, Class A TAWS, and more
- GoGo ATG-5000 WiFi

Serial number 533 appears nearly new cosmetically with a tasteful selection of the best materials, colors, and patterns. The aircraft features the most desirable nine (9) passenger configuration with dual club groupings and an aft belted lavatory seat. Serial number 533 features an ample forward refreshment center and the Lufthansa NICE cabin management system with six (6) pop-up LCD screens, one (1) 12.1" High Resolution Flat Panel LCD monitor, Sirius/XM Radio, and an iPad docking station.

The Lear 75 is all about raw performance, exceptional handling and cutting-edge technology. If you are looking for an exquisite, turn-key Lear 75, go no further than serial number 533.

2016 BOMBARDIER LEARJET 75 S/N 45-533

N173DS

AIRFRAME TOTAL TIME: 847 Hours
LANDINGS: 563 Cycles

ENGINES: Honeywell TFE731-40BR-1B
Engine 1: P-137284 847 Hours
Engine 2: P-137283 847 Hours

APU: Honeywell RE100 (CIMMS)
Serial Number: P-572 312 Hours

HIGHLIGHTS:

Duncan Aviation

Duncan Aviation was founded in 1956 as an aircraft sales organization and is a founding member of IADA. Since 1956, we have conducted more than 3,500 transactions. We have 2,150 aviation experts worldwide, each with an average of 12 years with the company. The aircraft sales team partners with these experts to provide technical support before, during and after the aircraft transaction.

Duncan Aviation is the world's largest privately owned business jet support facility. We provide business aircraft operators with every aircraft service they need. Yet we do so with the friendliness and responsiveness of a small-town company.

Our people have a passion for aviation and for serving customers. They are among the most experienced in the industry and the quality of the service they provide is among the best in the world.

Customers often visit our major MRO facilities in Battle Creek, Michigan; Lincoln, Nebraska; and Provo, Utah, and are surprised at our vast array of services, our innovative solutions and our excellent customer service.

We provide aircraft acquisition & sales, airframe & engine maintenance, avionics installations, interior & paint completions/modifications, avionics/instrument/accessory repairs & overhauls and parts support for Bombardier, Dassault, Textron, Gulfstream and Embraer manufactured aircraft. Our 20+ avionics satellites and 16 engine Rapid Response offices provide avionics and engine services in the field for scheduled and AOG work. And our parts team provides 24/7/365 support worldwide with knowledgeable reps who answer the phone day or night.
